**ORDER**

[Docket No. 70]

17 Pending before the Court is Plaintiffs' motion to include additional exhibits and correction  
18 of the second amended complaint. Docket No. 70. The Court liberally construes *pro se* filings,  
19 *Estelle v. Gamble*, 429 U.S. 97, 106 (1976), and interprets this filing as a motion to amend the  
20 complaint. Defendant filed a response to the motion indicating it does not oppose the relief  
21 sought.<sup>1</sup> Docket No. 71.

22 Accordingly, Plaintiffs' motion to include additional exhibits and correction of the second  
23 amended complaint, Docket No. 70, is hereby **GRANTED**.

24 Plaintiffs shall file and serve the complete amended complaint by September 14, 2022. *See*  
25 Local Rule 15-1.

26 IT IS SO ORDERED.

Nancy J. Koppe  
United States Magistrate Judge

<sup>1</sup> In Defendant's response to the motion, it requested that its answer responding to the second amended complaint be allowed to stand as its answer to Plaintiffs' third amended complaint. Docket No. 71. Local Rule IC 2-2(b) requires that each request shall be filed as a separate document. Accordingly, the Court declines to rule on Defendant's request at this time.
